ACHARYA

ACHARYA INSTITUTE OF TECHNOLOGY

Department of Civil Engineering

Value Added Program on

3D Modelling and Visualization Using SketchUp

About the Program

- The event aims to introduce students to SketchUp software and its applications in 3D modelling and visualization for civil engineering projects.
- Enhances students' ability to visualize, interpret, and transform 2D drawings into realistic 3D models and check structural component behaviour using stimulation.
- Improves students' digital design skills and prepare them for industry-oriented applications in civil engineering and construction.

23rd to 27th November 2026

09:30 PM to 04:30 PM

Venue: Civil Seminar Hall, Acharya Campus
