

ACHARYA INSTITUTE OF TECHNOLOGY

Affiliated to VTU

- Accredited, industry-aligned programs with expert faculty.
- Access to LinkedIn and high-performance laptops for seamless learning.
- In-demand certifications in EV, Cyber Security, and more for career advantage.
- Global exposure through partnerships and a diverse student body.
- Cutting-edge labs and a digital library for comprehensive resources.
- Collaborations with top corporations offering internships and projects.
- Vibrant clubs and activities focused on holistic development.
- Robust placement support with 550+ recruiting companies annually.

B.E INFORMATION
SCIENCE & ENGINEERING

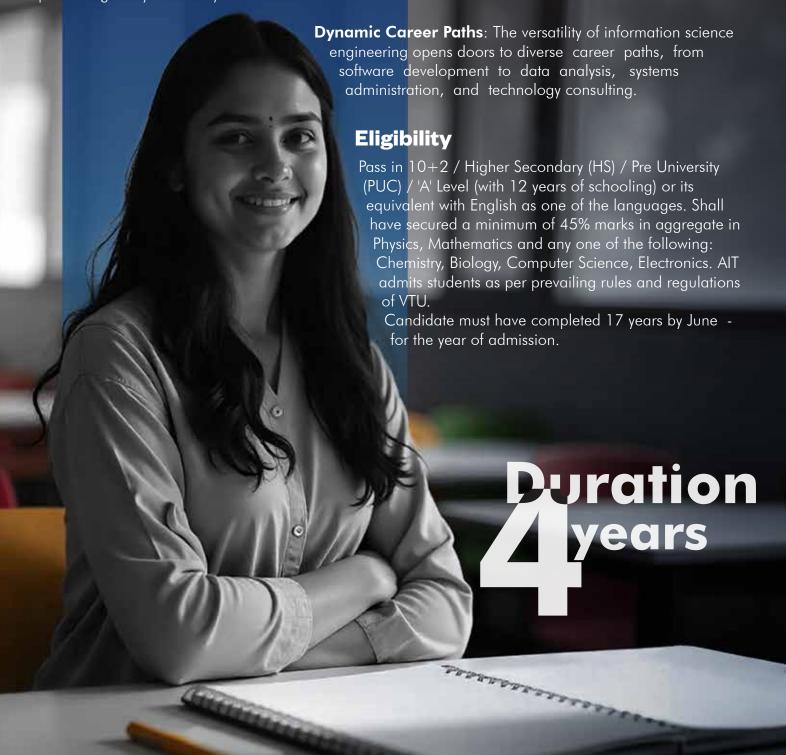

About

Information Science and Engineering deals with the generation, distribution, analysis, and use of information, data, and knowledge in systems. Our extensive course equips students with problem-solving skills and adaptability and makes them ready to play a crucial role in shaping today's technology-driven world. Additionally, our partnership with the EC Council enriches their understanding of cybersecurity challenges, providing an opportunity for certification by the company.

Career Scope

Software Development Opportunities: Information Science engineers are in high demand for software development roles.

Cybersecurity Expertise: With the increasing threat of cyber attacks, information science engineers specializing in cybersecurity are crucial.

COURSE CONTENT

Semester 1

- Mathematics-I for CSE Stream
- Applied Physics for CSE stream
- Principles of Programming Using C
- Engineering Science Course-I
- Emerging Technology Course-I
- Programming Languages Course-I
- Communicative English
- Professional Writing Skills in English
- Samskrutika Kannada/ Balake Kannada
- Indian Constitution
- Innovation and Design Thinking
- Scientific Foundations of Health

Semester 3

- Mathematics for Computer Science
- Digital Design & Computer Organization
- Operating Systems
- Data Structures and Applications
- Data Structures Lab
- ESC/ETC/PLC
 - Object Oriented Programming with Java
 Object Oriented Programming with C++
- Social Connect and Responsibility
- Ability Enhancement Course/Skill Enhancement Course – III

Data analytics with Excel

R programming

Project Management with Git

Data Visualization with Phyton

- National Service Scheme (NSS)
- Physical Education (PE) (Sports and Athletics)
- Yoga

Semester 2

- Mathematics-II for CSE Stream
- Applied Chemistry for CSE Stream
- Computer-Aided Engineering Drawing
- Engineering Science Course-II
- Programming Language Course-II
- Emerging Technology Course-II
- Professional Writing Skills in English
- Communicative English
- Indian Constitution
- Samskrutika Kannada/ Balake Kannad
- Scientific Foundations of Health

Semester 4

- Analysis & Design of Algorithms
- Advanced Java
- Database Management Systems
- Analysis & Design of Algorithms Lab
- ESC/ETC/PLC
- Ability Enhancement Course/Skill Enhancement Course- IV

Green IT and Sustainability

Capacity Planning

UI/UX

Technical writing using LATEX

- Biology For Engineers (Information Technology in Biology)
- Universal human values course
- National Service Scheme (NSS)
- Physical Education (PE) (Sports and Athletics)
- Yoga

Semester 5

- Software Engineering & Project Management
- Computer Networks
- Theory of Computations
- Data Visualization Lab
- Professional Elective Course

Computer Vision

Artificial Intelligence

Distributed Systems

Unix System Programming

- Mini Project
- Research Methodology and IPR
- Environmental Studies
- National Service Scheme (NSS)
- Physical Education (PE) (Sports and Athletics)
- Yoqa

Semester 7

Big Data Analytics

- Parallel Computing
- Information & Network Security
- Professional Elective Course

Deep Learning

Software Quality Assurance

Embedded Systems

Distributed File Systems

Open Elective Course

Introduction to DBMS

Introduction to Algorithms

Software Engineering

Major Project Phase-II

Semester 6

- Full Stack Development
- Machine Learning
- Professional Elective Course

Blockchain Technology

Internet of Things

Compiler Design

Cloud Computing

Open Elective Course

Introduction to Data Structures

Fundamentals of Operating Systems

Mobile Application DevelopmentIntroduction to Al

- Project Phase I
- Machine Learning lab
- Ability Enhancement Course/Skill Development Course V

Progressive App Development

Tosca – Automated Software Testing

Cyber Laws

Devops

- National Service Scheme (NSS)
- Physical Education (PE) (Sports and Athletics)
- Yoga

Semester 8

- Professional Elective (Online Courses) Only through NPTEL)
- BOS will publish courses based on the availability
- Open Elective (Online Courses) Only through NPTEL
- BOS will publish courses based on the availability
- Internship (Industry/Research) (14 20 weeks)

Founded in 1990, Acharya aims to revolutionize education. With over 12,000 students and 100+ academic programs annually, it stands among the global education elite. Located in India's technical hub, Bangalore, Acharya prioritizes innovation and knowledge. The institution fosters experiential and collaborative learning, shaping well-rounded individuals, evident in its diverse student population from 75+ countries.

11 Institutions

15 Research Centers

10P Programmes

75+Nationalities

1200? Students

1000 Eminent Faculties

12PAcres State-of-the-Art Campus
