M.SC PSYCHOLOGY

About

Psychology is a branch of science that studies the human mind and human behavior. This branch of study also delves into the underlying meaning of human behavior, thoughts and experiences. This scientific study of human behavior focuses on biological, psychodynamic, behavioral, cognitive and humanistic aspects.

Career Scope

Psychology graduates have the opportunity to choose from a wide range of specializations based on their interests and career goals. These specializations include clinical psychology, forensic psychology, and industrial/organizational psychology, as well as educational psychology and psychological counseling. Graduates can also pursue careers in research and academia, sports psychology, or the emerging field of cyberpsychology.
