Our Programs

B.Sc in Anesthesia and Operation Theatre Technology

The B.Sc in Anesthesia and Operation Theatre Technology program equips students with the clinical knowledge and technical skills required to assist during surgical procedures. The curriculum emphasizes anesthesia administration, operation theatre management, and patient care before, during, and after surgery. Students gain hands-on experience in handling anesthesia equipment and surgical instruments, ensuring competence and confidence to work alongside surgeons, anesthesiologists, and other healthcare professionals.

KNOW MORE

B.Sc in Respiratory Care Technology

The B.Sc in Respiratory Care Technology program trains students to assist in diagnosing, treating, and managing patients with respiratory and cardiopulmonary disorders. The curriculum covers respiratory anatomy, physiology, and disease mechanisms, along with practical training in patient assessment and ventilator management. With respiratory illnesses on the rise, graduates play a crucial role in hospitals, intensive care units, and emergency departments, contributing significantly to patient recovery and respiratory wellness.

KNOW MORE

B.Sc in Renal Dialysis Technology

The B.Sc in Renal Dialysis Technology program focuses on the principles and practices of dialysis treatment for patients with kidney disorders. Students learn the fundamentals of anatomy, physiology, and biochemistry, with an emphasis on renal function and hemodialysis procedures. The program trains students to operate dialysis machines, monitor patients, and manage treatment protocols, preparing them for specialized roles in nephrology units, dialysis centers, and hospitals.

KNOW MORE

B.Sc in Optometry

The B.Sc in Optometry program offers in-depth knowledge of vision science and eye care. Students are trained in examining eyes, detecting vision problems, and prescribing corrective lenses or therapies. The curriculum includes subjects such as Ocular Anatomy, Visual Optics, Pathology, and Contact Lens Technology. Through clinical exposure in Acharya's dedicated optometry labs and clinics, students gain hands-on experience in providing comprehensive vision care and managing visual health.

KNOW MORE

B.Sc in Imaging Technology

The B.Sc in Imaging Technology program provides students with specialized training in diagnostic imaging techniques, including X-ray, CT, MRI, and Ultrasound. The curriculum integrates medical science with imaging physics to ensure accurate image production and patient safety. Students learn the principles of radiation, anatomy, and imaging protocols, gaining practical experience in Acharya's advanced radiology labs. Graduates are prepared for careers as radiologic technologists in hospitals and diagnostic centers.

KNOW MORE

B.Sc in Medical Laboratory Technology

The B.Sc in Medical Laboratory Technology program trains students to perform diagnostic tests and support disease detection and prevention. The curriculum includes biochemistry, microbiology, pathology, and hematology, with an emphasis on laboratory safety and instrumentation. Through practical training in modern labs, students acquire skills in sample analysis, result interpretation, and quality control. Graduates are well-prepared to work in hospitals, diagnostic centers, and research laboratories.

KNOW MORE

Bachelor in Hospital Administration

The Bachelor in Hospital Administration program prepares students for leadership and managerial roles in healthcare institutions. The curriculum covers healthcare management, organizational behavior, health economics, and hospital operations. Students learn to plan, coordinate, and oversee hospital services efficiently. Through case studies and internships, they gain insight into healthcare systems and develop the skills needed to manage hospitals, clinics, and public health organizations effectively.

KNOW MORE

Bachelor in Occupational Therapy

The Bachelor in Occupational Therapy program focuses on helping individuals regain independence and improve quality of life following physical, cognitive, or emotional challenges. The curriculum integrates courses in anatomy, physiology, psychology, and rehabilitation science to develop a holistic understanding of human function. Students receive practical training in therapeutic techniques and assistive technology, preparing them to work in hospitals, rehabilitation centers, schools, and community health programs.

KNOW MORE

Masters in Hospital Administration

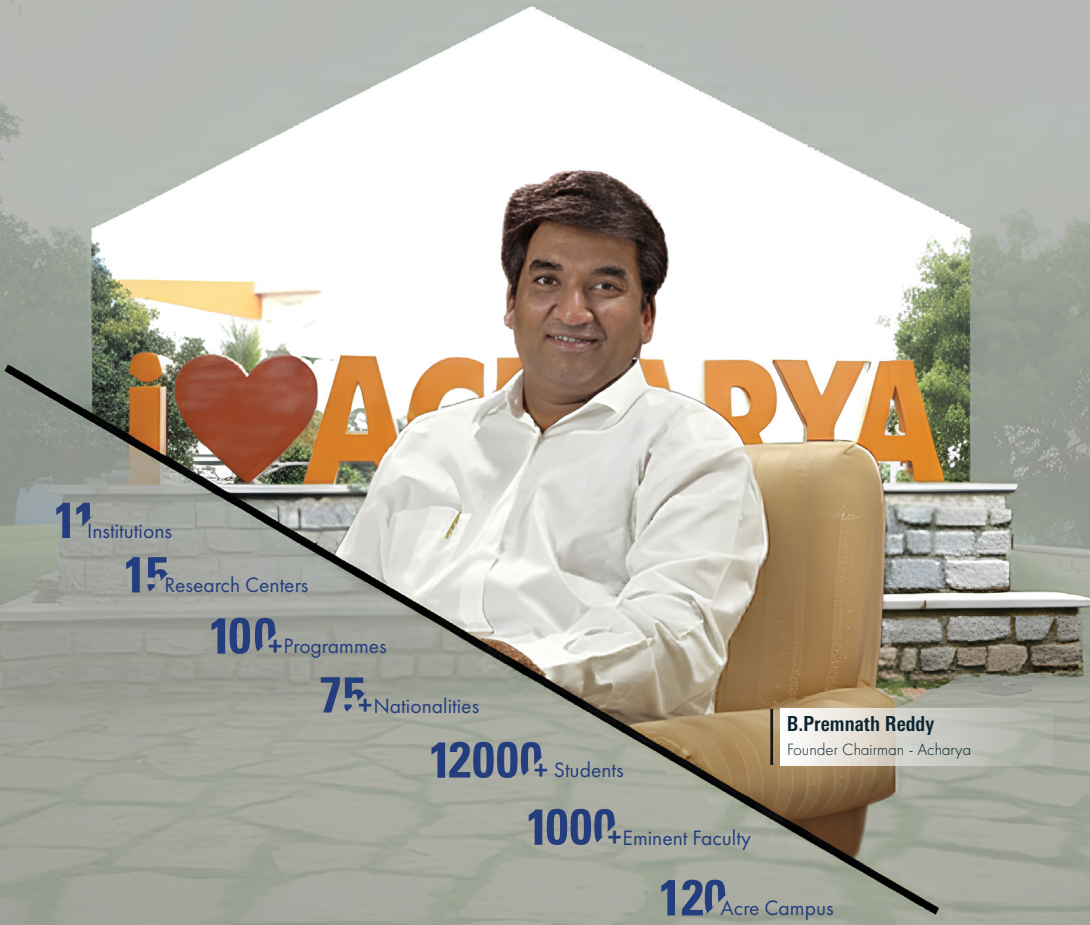

This comprehensive postgraduate program is spread across two years and is best suited for students who have leadership and organizational acumen. This program equips students with the skills needed to manage healthcare facilities effectively.

Acharya Legacy

Digital Hub

At Acharya, we understand the importance of equipping students with essential tools for success in today's competitive job market. And tablets are integral to this mission.

We provide students with high-configured tabs suitable for their curriculum needs. Our Wi-Fi-enabled campus provides seamless internet connectivity to our students across our sprawling grounds. We ensure that our students have access to the necessary software tools for their educational requirements.

State-of-the-art laboratories

- Acharya boasts state-of-the-art laboratories that providestudents with opportunities to gain practical knowledge of theoretical aspects.
- The specialized labs help students engage in hands-on learning experience to develop essential clinical skills and competencies.
- Fully functional eye clinic – daily free eye checkup

KNOW MORE

Placements

Through strategic industry partnerships, we secure placements in leading institutions for our students. With an annual influx of over 550 companies, our students have achieved an impressive record package of 65 LPA.

The Training and Placement Cell at Acharya serves as a dynamic bridge connecting academic excellence with professional success. Acharya provides training to students to enhance their technical proficiency, soft skills, and industry-specific knowledge. Conducted by seasoned professionals and experts, these programs include workshops, seminars, internships, and hands-on experiences.

KNOW MORE

Campus of Excellence

International Collaborations

Acharya has consistently been a pioneering force in bringing together exceptional minds from around the world, fostering collaborations with more than 85+ renowned international universities and 75+ top industries.

Scholarships

We are committed to fostering inclusivity and supporting students in their academic pursuits, regardless of their geographical origin. Therefore, we extend our scholarship opportunities to both domestic and international students. These scholarships serve as a vital resource in alleviating financial barriers that may hinder students' access to higher education. By offering financial assistance, we empower students to pursue their academic aspirations without the burden of excessive financial strain.

KNOW MORE

Center of Excellence

Acharya stands as a center of excellence, attracting numerous industries to establish cutting-edge laboratories on its campus. These industry collaborations provide students with unparalleled opportunities for hands-on learning, research, and real-world application of theoretical knowledge, fostering a dynamic environment of innovation and industry integration.

Students gain

Enhanced Learning Opportunities
Industry Integration
Research and Innovation
Career Opportunities
Networking and Collaboration

KNOW MORE

Acharya Technology Business Incubator (TBI)

Acharya's Business Incubator is dedicated to nurturing students' entrepreneurial visions, offering crucial support to technology-based startups, and forming strategic alliances between the institution and the fledgling businesses. By guiding startups through early-stage challenges and providing essential aid, the incubator plays a vital role in fostering economic development, job creation, and the realisation of innovative ideas. We ensure that students' innovative ideas persist beyond graduation, offering them the platform they need to succeed.

KNOW MORE

Life@Acharya

Library

At the heart of the campus is the Central Library or Learning Resource Centre (LRC) offering a dynamic environment for intellectual exploration. Spanning three floors with a generous 4,289 sqm area, it accommodates up to 500 users simultaneously, serving over 15,000 students, research scholars, and 1,000 faculty members. The LRC boasts multiple study spaces, research support, state-of-the-art ICT facilities, Wi-Fi, and a Virtual Learning Resource Lab.

KNOW MORE

Habba

Acharya Habba, our annual techno-cultural fest, is a three-day extravaganza drawing 25,000+ students from 300+ colleges in Karnataka. With 50+ events, it offers a vibrant platform for talent showcases, music, and cultural collaborations, enhancing students' college life. The festival, launched in 2005, has become one of Bangalore's biggest college events, hosting over 50,000 guests in 2023.

Renowned musicians like Gurukiran and Benny Dayal have previously graced the stage at the festival. Numerous talented artists have brought art and music to life at Acharya Habba, showcasing their creativity along with various cultural displays by students.

KNOW MORE

Sports

Acharya has outstanding sports facilities, promoting a dynamic sporting culture that nurtures teamwork, leadership, tolerance, and determination. Annual events like the Acharya Premier League, Football League, Pro Kabaddi League, and Volleyball Tournament highlight student passion and skills, fostering a lively atmosphere on campus in March for healthy competition. Our 10,000-seater stadium, enhanced with state-of-the-art floodlights for optimal illumination, adds a touch of grandeur to sporting events hosted within its premises.

Our students have the chance to participate in a wide range of sports and receive consistent training from seasoned coaches. Engaging in regular training sessions and actively participating in competitions have led to the college receiving numerous accolades through their achievements. Many of our champions at the university level are dedicated to continuously challenging and surpassing records.

KNOW MORE

Hostels

We are committed to prioritizing resident satisfaction, aiming to create an environment where everyone feels at home. We provide a range of diverse facilities and affordable dining options to cater to the needs and preferences of our residents. With a total of 12 residences, 5 allocated for boys and 7 for girls, we can accommodate up to 1500 residents in single, double, or triple occupancy rooms, ensuring a comfortable living experience.

Common areas are thoughtfully equipped with amenities like TVs, newspapers, dining areas, kitchenettes, and laundry facilities, promoting a sense of community and convenience. Each residential building is overseen by dedicated warden members, managers, and supervisors who provide necessary support and guidance.
