- State-of-the-art laboratories and a digitized library for extensive resources.
- Global exposure through exchange programs with leading international universities.
- Add-on certifications in collaboration with Pearson for up-to-date industry skills.

DIPLOMA IN NURSING

About

This program equips students with a wealth of knowledge and practical experience, laying a strong foundation for their nursing careers. Students benefit from extensive clinical exposure, engaging with real-world healthcare scenarios through partnerships with leading healthcare institutions, allowing them to apply their theoretical knowledge in practical settings. Our patient-centric learning approach emphasizes simulated patient interactions and hands-on experiences, fostering the development of technical skills alongside essential empathy and communication skills.

Career Scope

A Diploma in Nursing & Midwifery opens doors to a diverse array of career opportunities across various industries and sectors. Graduates can pursue roles as staff nurses, critical care nurses, oncology nurses, pediatric nurses, cardiac nurses, and public health nurses. Additionally, there are opportunities in home health care nursing and maternity and obstetrics nursing. This broad and versatile career scope allows diploma holders to find fulfilling positions that align with their interests and skills in the healthcare field.

Eligibility

Pass in Pre-University / Higher Secondary / 10+2 / 'A' Level or equivalent of any recognized board or council in any discipline.

Must have completed 17 years of age by 31st December of the year of admission. The upper age limit is 35 years.
