BASIC B.Sc NURSING

About

The Bachelor of Science in Nursing is a four-year program designed for undergraduate students who want to pursue rewarding careers as registered nurses. It is an in-demand profession and graduates can work in clinical and non-clinical environments.

Career Scope

A Basic B.Sc Nursing degree offers a wide range of diverse and rewarding career opportunities in the healthcare sector. Graduates can take on various roles that contribute significantly to patient care and promote overall health and well-being. Career paths include positions as staff nurses, clinical nurse specialists, public health nurses, nursing administrators, research nurses, home healthcare nurses, and hospice nurses. This degree equips graduates with the skills and knowledge necessary to excel in a variety of healthcare settings, making a meaningful impact in the lives of patients and communities.
