About

This program provides students with a solid foundation in pharmacy principles and equips them by focusing on practical skills for working in pharmacies. They will be taught to prepare, mix, compound or dispense drugs and medicines, ointments, powder, pills, tablets and injections on the prescription of a medical practitioner, dentist or veterinarian.

Career Scope

A Diploma in Pharmacy (DPHARM) degree opens doors to a wide range of career opportunities, providing graduates with a broad and versatile career scope. In addition to establishing their own pharmacies, Indian pharmacists can work across various industries and sectors. Potential roles include Consultant Pharmacist, Clinical Pharmacist, Dispensary Manager, Dispensary Pharmacist, Community Pharmacist, Hospital Pharmacist, Medicines Safety Manager, Medicines Management Technician, Pharmacy Assistant, and Senior Clinical Pharmacist.
