PHARM D
DOCTOR OF PHARMACY

About

The Doctor of Pharmacy (Pharm.D) in India is a 6-year professional doctorate (5 years study + 1 year internship) focusing on clinical pharmacy, patient care, and medication management, regulated by the Pharmacy Council of India (PCI).

- **Industry-oriented diploma in pharmaceutical sciences** that prepares students with essential knowledge in drug dispensing, formulation, pharmacology and pharmaceutical chemistry.
- **Strong practical focus** where students learn to prepare, mix, compound and dispense drugs, ointments, tablets and injections in clinical and retail settings.
- **Awarded by Rajiv Gandhi University of Health Sciences,** recognised for quality pharmacy education and aligned with regulatory standards.
- **Balanced theory and real-world application** through classroom teaching and practical lab sessions that build workplace readiness.
- **Pathway for further studies —** completing the diploma helps students progress to higher pharmacy qualifications like B.Pharm and clinical pharmacy roles.

Career Scope

- **Community & hospital pharmacy roles —** work as **Pharmacist, Community Pharmacist or Dispensary Pharmacist** in clinics, hospitals and retail pharmacies after fulfilling registration requirements.
- **Support and supervisory positions —** opportunities such as **Consultant Pharmacist, Dispensary Manager, Pharmacy Assistant** and **Medicines Management Technician.**
- **Industry and healthcare careers —** entry-level roles in pharmaceutical companies, quality control, drug safety and clinical support functions; students may also pursue B.Pharm and advanced pharmacy education.
