About Program

Acharya Academics, Research, and Innovation Excellence Awards – 2026 is a flagship institutional initiative of Acharya Institutes established to recognize and celebrate outstanding contributions in academics, research, innovation, intellectual property creation, consultancy, funded research, and professional excellence. The awards aim to foster a culture of quality, innovation, interdisciplinary collaboration, and continuous improvement by acknowledging the remarkable achievements of faculty members, researchers, and academic leaders across the Acharya Group of Institutions. The programme is designed to inspire excellence by recognizing individuals who have demonstrated exceptional performance in teaching-learning practices, high-impact research publications, patents, funded projects, technology development, industry collaborations, scholarly contributions, student mentoring, and other significant academic accomplishments. It also seeks to motivate faculty members and researchers to pursue innovative research, enhance institutional research output, strengthen global collaborations, and contribute meaningfully to national and international rankings and accreditation frameworks.

Objectives of the Program

- To recognize and honor outstanding achievements of faculty members, researchers, students, and innovators for their exceptional contributions in academics, research, innovation, patents, publications, funded projects, and entrepreneurship.
- To promote a culture of excellence and continuous improvement by encouraging high-quality research, interdisciplinary collaboration, innovative thinking, and impactful scholarly activities across the institution.
- To motivate students and faculty members to actively engage in research, intellectual property generation, technology development, startup incubation, and industry-oriented innovation.
- To showcase Acharya Institutes' academic and research accomplishments and strengthen its position as a leading center for education, innovation, and societal impact.
