IT FIESTA 2K24

In Collaboration with SPEKTER AIGS & TECH MINDZ

12th and 13th November 2024

Venue

ACHARYA INSTITUTE OF GRADUATE STUDIES

VISSION

Department of Computer Application is committed to provide value-based education in all disciplines and envisions itself as the fountain head of innovative human enterprise that inspires people from all walks of life.

MISSION

Creating innovative teaching methods using modern tools and to prepare the Computer Application graduates at par with global standards.

Creating an environment for all round growth and development of both student and teaching fraternity by providing infrastructure facilities and to encourage innovative ideas for continues improvement and zeal for higher studies.

OBJECTIVE OF IT-FIESTA

The event aims to encourage student participation from various disciplines, providing opportunities to enhance their IT skills and knowledge. It promotes innovation by allowing students to present creative ideas and projects that address real-world problems through technology. Additionally, the event fosters knowledge exchange by inviting industry experts and students from different colleges to share insights and stay updated on current IT trends. Workshops and training sessions will focus on skill development, helping students improve both technical and soft skills for future careers in the IT industry.

Don'ts

- Don't get personal while arguing, focus on the topic, not the individual.
- Don't interrupt; speak only during your allotted time.
- Don't rely solely on memorized content or internet frame and deliver your thoughts naturally.
- Don't disregard the decisions of judges and organizers; if you have concerns, address them privately.
- Don't hesitate to ask for clarification if you don't understand a point made by your opponent.
