

SIX DAYS GLOBAL FACULTY ADVANCED DEVELOPMENT PROGRAMME (GFADP)
ENHANCING SCHOLARLY WRITING:
MACHINE LEARNING AND MODERN TOOLS FOR ARTICLE DEVELOPMENT

09th to 14th June 2025 | 02:00 pm to 04:00 pm
Acharya Campus

About the Program

Teaching and research are the core functions of higher education institutions, directly impacting career growth, institutional reputation, and student success. To uphold quality, teachers must voluntarily enhance their teaching and research skills through structured capacity building programmes. These programmes help educators develop intellectual, emotional, social, and professional competencies, fostering knowledge and skill-based education.

With the rise of technology-driven learning, online teaching has become essential for catering to student and employee-learners' evolving needs. Teachers must adapt by mastering e-content development, online pedagogy, and digital tools to enhance learning experiences. Capacity building should focus on articulation, problem-solving, presentation, leadership, and interpersonal skills, strengthening teachers' versatility.

Quoting Albert Einstein, "Education is not learning of facts, but the training of the mind to think." Teachers must empower students to think critically, apply knowledge practically, and innovate, aligning with Bloom's Taxonomy. A well-structured capacity-building programme should focus on these outcomes, ensuring educators are equipped to shape the next generation of thinkers and innovators

Objectives of the Program

- To Enhance Research Writing Skills – Equip participants with techniques to structure and develop high-quality scholarly articles.
- To Introduce AI & ML Tools in Academic Writing – Familiarize researchers with AI-driven tools for grammar correction, plagiarism detection, and content refinement.
- To Improve Research Productivity – Demonstrate how automation and modern tools can streamline the research and writing process.
- To Ensure Ethical and Credible Research Practices – Educate participants on avoiding plagiarism, maintaining citation accuracy, and selecting reputable journals.
- To Provide Hands-on Training with Modern Writing Tools – Offer practical exposure to tools like Grammarly, Turnitin, Mendeley, and AI-assisted literature review platforms.

Expected outcomes of the programme

- Improved Research Writing Skills – Participants will develop structured, well-organized, and high-quality academic papers.
- Proficiency in AI & ML Tools – Hands-on experience with AI-powered tools for grammar checking, plagiarism detection, and reference management.
- Enhanced Research Productivity – Effective use of automation and modern writing tools to streamline the research process.
- Better Journal Publication Strategies – Understanding journal selection criteria, impact factors, and successful publication techniques.
- Academic Integrity & Ethical Writing – Awareness of plagiarism prevention, citation accuracy, and ethical considerations in scholarly writing.

REGISTRATION FEES

- Industry Professionals: Rs. 200/-
- Academician: Rs. 200/-
- Students: Rs. 100/-
- Foreign Participants: \$5.00

Target Audience: search scholars / Industry Professionals / Faculty Members from all departments / PG students from the Higher Education Institutions
