ACHARYA INSTITUTE OF TECHNOLOGY

Department of Artificial Intelligence and Machine Learning

FDP on Fundamentals and Advances in Deep Learning, Artificial Intelligence and Agentic AI Applications

The FDP on Fundamentals and Advances in Deep Learning, Artificial Intelligence, and Agentic AI Applications builds a strong conceptual and practical foundation in modern AI. It covers key aspects of Generative AI and provides insights into the architecture and functioning of Agentic AI. Participants will understand the differences between generative models and autonomous agent-based frameworks and apply these tools to real-world problems through hands-on sessions.
