

ACHARYA INSTITUTE OF TECHNOLOGY

Department of Mathematics

Hands-on Session On Mathematics Research in Action

IN ASSOCIATION WITH

About the Program

- This program showcases the artistic and visual beauty of mathematics through graphical patterns and designs
- Explores how mathematical concepts can be represented visually using graphs, curves, and geometric patterns
- Bridges the gap between abstract mathematical ideas and real-world interpretations
- Enhances conceptual clarity while fostering creativity and analytical thinking
- Encourages students to interpret graphs effectively and view mathematics as a blend of logic and creativity

21st May 2026

2:00 PM TO 4:00 PM

Venue: Acharya Institute of Technology, Bengaluru
