

ACHARYA INSTITUTE OF TECHNOLOGY

INTERNATIONAL CONFERENCE ON HYDROGEN - A FUTURE FUEL FOR AUTOMOBILES

ICHFA - 2026

About the Program

- ICHFA 2026 is a prestigious global platform bringing together researchers, automotive OEMs, energy policy experts and technology leaders.
- Focuses on accelerating the transition towards clean and zero-emission transportation.
- Addresses key challenges across the hydrogen value chain
- Provides opportunities to share knowledge, experiences, innovations and inventions in the Kannada language.
- All accepted and presented papers will be published in the conference proceedings with an ISBN, in the form of a souvenir.
- Selected papers may be considered for publication in Scopus-indexed journals, subject to additional publication fees charged by the respective publisher.

**14th to 16th
December 2026**

09:00 AM to 05:00 PM
