Department of MBA

## VizTALKS 2025 Challenge

### About the Program

- VizTalks 2025 is an interactive, creativity-driven data visualization event
- It inspires students to think like analysts, storytellers, and innovators
- The event features hands-on activities such as Sketch to Spark, Dashboard Replica Race, and Business Analytics Role-Play
- Provides practical exposure to tools like Power BI for dashboard design and data interpretation
- The event enhances analytical thinking, visualization skills, teamwork, and confident presentation of insights
- Offers a competitive yet engaging platform for students to showcase their talent
