About Program

The Department of Electrical and Electronics Engineering, Acharya Institute of Technology, is organizing a Four-Day Offline Hands-on Training Programme on Power System and Industrial Automation. The programme aims to enhance participants' knowledge of power-system operation, monitoring, protection, and control, along with practical skills in PLC programming, SCADA, and HMI. Through hands-on sessions and case studies, participants will gain exposure to industrial automation applications in electrical networks, substations, and industrial processes.

Objectives of the Program

- To develop knowledge of power-system operation, monitoring, protection, and control techniques used in electrical power networks.
- To provide practical skills in PLC programming, industrial control systems, and the integration of SCADA and HMI for industrial automation.
- To familiarize participants with automation applications in electrical installations, substations, and industrial processes through practical exercises and case studies.

Program Schedules

- **Day 1–4**: 16th to 19th Nov 2026 Time: 09:00 AM – 05:20 PM
- **Day 5**: 20th Nov 2026 Time: 10:00 AM – 01:30 PM

Resource Persons

Mr. Gowtham K. M
Head of Department, Chola Turbo Machinery International Private Limited (CTMI), Bangalore.

Mr. Methesh A
Electrical Service Engineer, Chola Turbo Machinery International Private Limited (CTMI), Bangalore.

Mr. Adarsh H. M
Founder, Elcarreira Technologies, Bangalore

Mr.Vinay Annappa
Founder & CEO at EAS (Energy As Solution) & Magnus Copo, Former Director, Chola Turbo Machinery International Private Limited (CTMI), Bangalore.

Committee Members

Advisory Committee

- Dr. C K Marigowda, Principal, AIT.

Convener

- Dr. Lakshmikanth S, Professor & Head, Dept. of EEE, AIT

Coordinator

- Dr. Nagesh H, Associate Professor, Dept. of EEE, AIT
