

CREATIVE MODELLING COMPETITION

23rd April 2025 | 02:00 pm to 05:00 pm

Civil Seminar Hall, Acharya Campus

About the Program

The Creative Modelling Competition, organized by the Civil Engineering Department, is a platform for students to bring their innovative ideas to life through structural models. This event encourages participants to blend creativity with engineering concepts, showcasing models of bridges, buildings, or other infrastructure with a focus on design, sustainability, and real-world application. It aims to spark imagination, improve practical skills, and promote teamwork among aspiring civil engineers. The competition will be judged on parameters like originality, structural stability, and presentation, making it both a fun and enriching experience for all involved.

Objectives of the Program

- Apply theoretical civil engineering concepts in a hands-on manner.
- Work in groups to develop and present models, enhancing communication skills.
- Motivate students to push their limits and learn from peers in a healthy competition.

Target Audience: 4th & 6th Semester students of Civil Engineering Department, AIT

REGISTER NOW

Expected Outcomes

- Participants will develop creative and practical structural models that address modern engineering challenges.
- Participants will enhance their ability to work in teams, improving communication and leadership skills.
- The models will reflect industry-relevant concepts, helping students understand how engineering principles are applied in real-world construction.

Committee Members

ADVISORY COMMITTEE

- Dr. C. K. Marigowda, Principal, AIT
- Dr. Rajeswari, Dean Academics, AIT

CONVENER

- Dr. P.S. Niranjana, Professor & Head, Department of Civil Engineering, AIT

COORDINATOR

- Prof. Brunda G S, Assistant Professor, Member Women Cell, Department of Civil Engineering. Mobile No: 78298 93942
- Dr. T Soumya, Assistant Professor, Department of Civil Engineering. Mobile No: 87228 35671
- Prof. Karthik B S, Assistant Professor, Department of Engineering. Mobile No: 89712 53512

Acharya Institute of Technology
