About Program

AIT Open Day 2026 brings together innovative student projects from diverse disciplines, showcasing working prototypes, 3D models, and technology-driven solutions. The exhibition provides an opportunity to explore interdisciplinary innovations and discover how engineering, science, technology, and creativity can contribute to a better and more sustainable future. At AIT Open Day 2026, innovation goes beyond ideas. Through projects aligned with the Sustainable Development Goals, students demonstrate how creativity, technology, and collaboration can address global challenges and contribute to a more sustainable world.

Objectives of the Program

- To provide a platform for students to showcase innovative projects, ideas, prototypes, an technology-driven solutions.
- To encourage creativity, critical thinking, problem-solving, research, and entrepreneurial skills among students.
- To create opportunities for interaction between students, faculty, industry professionals, parents, and prospective students.
- To demonstrate the practical application of concepts learned in the classroom through real-world projects and working models.
- To promote AIT as a centre for innovation, technology, interdisciplinary learning, and student-driven initiatives.

Resource Persons

Dr. Sundaresan Poovalingam
Distinguished Technologist, Infosys Chair, ASME Karnataka Section

D Ramakrishna
Vice Chair, ASME Karnataka section

Committee Members

Advisory Committee

- Dr. C. K. Marigowda, Principal, Acharya Institute of Technology.
- Dr. Rajeswari, Dean Academics, Acharya Institute of Technology.

Convener

- Dr. Harish M N K, Dear R & D, Acharya Institute of Technology.

Coordinators

- Dr. Shwetha S, Associate Dean – Academics, Acharya Institute of Technology
- Prof. Sheela S Maharajpet, Head – Co-curricular Activities, Acharya Institute of Technology
