

ACHARYA INSTITUTE OF TECHNOLOGY

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

ALUMNI KNOWLEDGE SHARING SESSION ON FROM THEORY TO PRACTICE

19th May 2025 | 10:30 am to 12:35 pm

AI09GF21, Acharya Campus

About the Program

"From Theory to Practice" is an interactive alumni knowledge-sharing session designed to bridge the gap between academic learning and real-world experience. This program aims to demonstrate how classroom concepts translate into professional practice, highlight the value of hands-on learning, and offer valuable insights into career growth and industry expectations. Through firsthand experiences shared by our accomplished alumni, participants will gain practical perspectives to complement their academic journey.

Objectives of the Program

- Demonstrate Real-World Application of Academic Knowledge
- Highlight the Importance of Experiential Learning
- Provide Insights into Career Development

Expected Outcomes of the Program

Upon completion of Program the participants will be able to

- Enhanced Understanding of Practical Applications.
- Awareness of Essential Soft Skills and better Career Readiness.

Target Audience: Fourth Semester ECE Students
