

AIT VAP 900+ Interested

I'm Interested

21st - 25th Sept 2026

9.30 AM to 4.30 PM

One Day

7th & 5th Semester Biotechnology Students

Microbiology Lab, ABMRCP

About Program

Hands-on Training in Mammalian Cell Culture, Animal Handling & Translational Biotechnology in collaboration with ABMRCP

Objectives of the Program

- Develop foundational and practical skills in mammalian cell culture and aseptic laboratory practices.
- Train students in cell maintenance, subculturing, counting, viability assessment and cryopreservation concepts. To apply the concept of plant tissue culturing in crop development
- Introduce ethical, safe and responsible principles of laboratory animal handling.
- Expose students to cell-based assays, experimental design, data interpretation and translational biotechnology.

Committee Members

Advisory Committee

- Dr. C K Marigowda, Principal, AIT
- Dr. Manjunath P.M., Principal, ABMRCP

Conveners

- Dr. Shilpa Sivashankar, Associate Professor and Head, Department of Biotechnology, AIT

Organizer

- Dr. Suneetha T.B. Associate Professor, Dept. of Biotechnology, AIT

Coordinator

- Prof. Ravi Swamy, Assistant Professor Grade III, Dept. of Biotechnology, AIT
