About Institute

Acharya Institute of Technology is dedicated to excellence in teaching, learning, and research, with a strong focus on developing professionals who make a global impact. The faculty members are deeply engaged in both teaching and research, continually pushing the boundaries of human knowledge. Students are encouraged to pursue academic research and tackle significant challenges, fostering a culture of innovation and inquiry. Established in 2000, Acharya Institute of Technology is located in Bengaluru, popularly known as the "Silicon Valley of India." The institute offers 11 undergraduate programs, 2 postgraduate programs, and 11 research programs, attracting nearly 5,000 students from over 60 countries and various regions of India. Acharya takes pride in its diverse academic environment and its vast network of distinguished alumni worldwide.

Vision of the Institute:

"Acharya Institute of Technology, committed to the cause of sustainable value-based education in all disciplines, envisions itself as a global fountainhead of innovative human enterprise, with inspirational initiatives for Academic Excellence".

Mission of the Institute

"Acharya Institute of Technology strives to provide excellent academic ambience to the students for achieving global standards of technical education, foster intellectual and personal development, meaningful research and ethical service to sustainable societal needs".

About the Department of Business Administration

Acharya Institute of Technology offers a 2-year Master of Business Administration (MBA) program affiliated with Visvesvaraya Technological University (VTU), Belagavi, and recognized by the All-India Council for Technical Education (AICTE), New Delhi. The program provides students with an opportunity to gain global exposure through its International Immersion Program, enhancing their understanding of international business practices. Additionally, Acharya's MBA program encourages entrepreneurial ambitions by offering access to its dedicated incubation program, supporting innovative business ideas and startups. With a comprehensive curriculum, industry interactions, and practical learning experiences, the program is designed to develop leadership, analytical, and strategic decision-making skills, preparing students to excel in the dynamic global business environment.

Vision of the Department

"To develop globally competent, value-driven management professionals who inspire innovation, lead with integrity, and contribute to sustainable economic and social growth."

Mission of the Department

- Providing globally relevant management education through an industry-focused curriculum that shapes competent professionals with strong analytical, leadership, and decision-making abilities.
- Cultivating values and innovation by promoting integrity, ethical responsibility, and a creative mindset to address evolving business and societal challenges.
- Promoting sustainable growth and global engagement by preparing leaders who drive inclusive economic development and foster meaningful industry collaborations.
