

Indian Data Club

Official Launch Et Expert Session

24th November, 2025 | 09.00 AM to 02.30 PM

ECE Block Seminar Hall, Acharya Campus

About the Program

The Indian Data Club was officially launched by the Department of Artificial Intelligence and Machine Learning, marking a significant step toward fostering a strong data-driven community on campus. The event featured an expert session that introduced students to emerging trends in data science, analytics, and AI applications. The program aims to create a collaborative platform for learning, research, and innovation, empowering students to build industry-ready skills and explore real-world data challenges.

Objectives of the Program

- To establish a structured platform that enables students to learn and apply Data Science, AI, and Analytics through hands-on, industry-aligned activities.
- To create opportunities for mentorship, expert talks, and guided learning that expose students to real workflows, decision-making processes, and career pathways in data-driven fields.
- To foster a collaborative community that encourages innovation, problem-solving, research, and participation in hackathons, competitions, and project-based learning.

Expected Outcomes of the Program

- Students will gain practical skills in data analysis, modeling, interpretation, and problem-solving, becoming more confident and industry-ready.
- Members will develop stronger portfolios through projects, competitions, research contributions, and mentorship-guided work.
- The institute will benefit from a growing data-centric ecosystem that enhances student development, industry engagement, and academic visibility.

Target Audience: AIML and CSE(DS) Students

REGISTER NOW

Committee Members

ADVISORY COMMITTEE

- Dr. C. K. Marigowda, Principal, AIT

CONVENER

- Dr. Vijayashekhar S.S, Associate Professor and Head, Dept. of AIML, AIT

EVENT COORDINATORS

- Dr. Kavitha Nair R, Assistant Professor, Dept. of AIML, AIT
- Prof. Surbhi, Assistant Professor, Dept. of AIML, AIT

STUDENT COORDINATORS

- Rutwik S Nainoor, Pavan Kumar V, Abhi J, Shodhan N Bangera, Sudeep Patil, Venugopal, VII Semester, Dept. of AIML, AIT
