

A Five-day International FDP on
Interdisciplinary Research
Trends and Innovation

2nd to 6th September 2025 | 9.00AM to 5.00PM

CSE Block, Acharya Campus

About the Program

The Faculty Development Program on Interdisciplinary Research: Trends and Innovation in collaboration with Universitas of Negari, Padang aims to enhance the research capabilities of academicians by introducing them to the latest methodologies, tools, and interdisciplinary approaches. This FDP is designed to expose faculty members to contemporary research practices, innovative technologies, and cross-disciplinary integration that drive impactful scholarly contributions. The program provides a platform for knowledge sharing and collaboration, enabling participants to explore new research frontiers and align their work with global academic and industrial trends.

Objectives of the Program

- To enhance participants' ability to structure and write scientific manuscripts effectively, including abstracts, introductions, methodologies, results, and discussions.
- To guide participants in aligning research findings with the scope, audience, and quality expectations of high-impact journals.
- To strengthen awareness of ethical publication practices and strategies to enhance citation, visibility, and research impact.

Expected Outcomes of the Program

- Participants will be able to draft well-structured scientific papers with clarity in abstracts, introductions, methodologies, results, and discussions.
- Participants will gain the ability to align their research with appropriate high-impact journals, addressing scope, audience, and editorial expectations effectively.
- Participants will demonstrate awareness of ethical publication standards, plagiarism prevention, and effective strategies to increase the visibility, citations, and overall impact of their research.

Target Audience: Faculties from both institutions
Type of Program: Hybrid Mode
