

PHYSICS IN ARTIFICIAL INTELLIGENCE NATIONAL TECHNOLOGY DAY SEMINAR

25th May, 2026 | 10:50 AM - 11:45 PM

Venue: Acharya Campus

About the Program

The seminar aims to create awareness among students about the role of Physics in the development of Artificial Intelligence technologies. The program encourages students to explore how physical principles such as electricity, semiconductors, sensors, optics, and computing hardware contribute to AI systems used in modern applications. The event promotes innovation, technical communication skills, research interest, and technological thinking among students

Objectives of the Program

- To understand the connection between Physics and Artificial Intelligence.
- To create awareness about emerging technologies.
- To improve students' presentation and communication skills.

Expected Outcomes of the Program

- Explain the role of Physics in AI technologies.
- Understand basic concepts behind intelligent systems.
- Develop confidence in public speaking and technical presentation.

Target Audience: First year DS students

Committee Members

ADVISORY COMMITTEE

- Dr. C K Marigowda, Principal, AIT
- Dr. Rajanna K R, Dean- Students Affairs, AIT
- Dr. Mahesh S.S, First Year Coordinator Physics cycle, AIT
- Dr. Satish K, Head, Dept of Chemistry & First Year Coordinator, AIT

CONVENER

- Dr. Kavyashree D, Assoc. Professor and Head, Dept. of Physics, AIT
- Dr. Attel Manjunath, IIC Coordinator, AIT

COORDINATORS

- Arpitha. H. S, Asst. Professor, Dept. of Physics, AIT

Acharya Institute of Technology

Acharya Dr. S. Radhakrishnan Road, Acharya P.O
Soladevanahalli, Bangalore - 560107, Karnataka, India.
