

# Professional Development Program on Scientific Article Writing (SAW) and Publishing Support

15<sup>th</sup> September 2025 | 2 pm to 5 pm

Architecture Block, MBA Auditorium, Acharya Campus

## About the Program

Acharya Institute of Technology is pleased to organize a One-Day **Professional Development Program (PDP)** on “**Scientific Article Writing (SAW) and Publishing Support**” —an academic initiative aimed at equipping faculty members and researchers with essential skills in research writing, structuring scholarly articles, and navigating the publishing process.

Scheduled on **Monday, 15th September 2025**, this PDP is designed to enhance participants' ability to transform research work into high-quality publications, increase visibility in reputed journals, and contribute meaningfully to the body of knowledge in their respective disciplines.

The program emphasizes understanding journal requirements, mastering the art of academic writing, avoiding plagiarism, and effectively responding to reviewer comments. Through expert-led sessions, hands-on exercises, and guided discussions, participants will gain practical insights into manuscript preparation, submission protocols, and post-publication ethics. By fostering research and publishing capabilities, the Department reiterates its commitment to academic excellence, encouraging faculty members to advance their careers while contributing to institutional reputation and global recognition.

### Objectives of the Program

- To draw insights from corporate executive on Scientific Article Writing.
- To develop participants' skills in drafting, structuring, and presenting research articles for peer-reviewed journals.
- To provide guidance on journal selection, submission processes, plagiarism checks, and ethical publishing practices.
- To strengthen research and publishing confidence by offering practical strategies, tools, and institutional support for successful publication outcomes.

### Expected Outcomes of the Program

- To get hands on experience of publishing a reputed journals.
- To get the insights on quality writing in the article publication.
- MOU signing with Start-up organisation for Scientific article writing.
