

VizTALKS 2025

Challenge

17th December, 2025 | 02:00 PM
Venue: EC Seminar Hall, Acharya Campus

About the Program

VizTALKS 2025 Challenge is an engaging platform designed to enhance students’ communication, presentation, and critical-thinking skills. Participants share insights, present ideas, and showcase their speaking abilities on diverse topics, fostering confidence and professional development.

Objectives of the Program

- To ignite creativity and analytical thinking by challenging participants to transform raw data into meaningful insights through dashboards, role plays, and visualization tasks.
- To foster a culture of collaboration and innovation among students by providing a platform to showcase talent, learn industry-ready tools, and engage with peers and judges.

Expected Outcomes of the Program

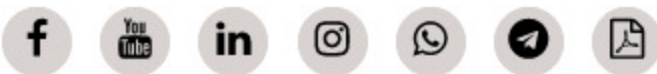

- Participants will gain hands-on experience in storytelling with data, dashboard design, and analytical thinking through creative, timed, and role-play challenges.
- Through challenge-based learning, participants become more comfortable using visualization tools, applying design principles, and presenting insights
- Participants will walk away with dashboards and analytical outputs they can showcase in resumes, college applications, or LinkedIn.

Target Audience: MBA Students AIT (Analytics Specialization)
