

ACHARYA'S NR INSTITUTE OF PHYSIOTHERAPY

Every Second Counts: A Workshop On Basic Life Support

Every second counts: A workshop On Basic Life support aims to provide participants with fundamental knowledge of cardiopulmonary resuscitation (CPR) and basic life support protocols, in addition to helping them recognize cardiac arrest, airway obstruction, and respiratory emergencies. The session also guides them to develop hands-on skills in performing high-quality CPR and using an Automated External Defibrillator (AED).

6th & 7th February, 2026
