SMT. NAGARATHNAMMA COLLEGE OF NURSING

NATIONAL CONFERENCE ON ADVANCEMENTS IN CRITICAL CARE NURSING

29th April 2025 | 09:00 am to 04:00 pm

Nursing Auditorium, Acharya Campus

About the Program

The National Conference on Advancements in Critical Care Nursing is a premier event dedicated to showcasing the latest research, clinical innovations, and best practices in critical care nursing. Designed for nurses, educators, researchers, and healthcare professionals, this program provides a dynamic platform to explore emerging trends, evidence-based interventions, and policy developments that shape critical care today. Attendees will benefit from expert-led sessions, interactive workshops, and panel discussions focused on enhancing patient outcomes, improving interdisciplinary collaboration, and navigating the evolving challenges in intensive care environments. The program aims to empower participants with cutting-edge knowledge and practical tools to elevate the standard of care in critical care settings.

Objectives of the Program

- Update Knowledge on Advanced Critical Care Practices
- Enhance Skills in Critical Care Technology
- Promote Multidisciplinary Collaboration
- Address Ethical and Legal Aspects in Critical Care
- Encourage Research and Quality Improvement

Expected Outcome of the Program

- Enhanced Clinical Knowledge
- Improved Patient Care Strategies
- Professional Networking
- Skill Development
- Policy and Advocacy Awareness
