

WEBINAR ON BUILD UP YOUR CAREER

05th July 2025 | 11:00 am to 12:00 pm

ANR Auditorium, Acharya Campus

About the Program

The **"Build Up Your Career"** webinar is a focused career guidance program designed to empower students and young professionals with essential skills, knowledge, and strategies for career growth. The session aims to provide insights into career planning, resume building, interview techniques, and current industry demands. Experienced speakers, career coaches, or industry experts will share practical tips to help participants make informed career choices, develop professional confidence, and set clear career goals.

Specific Objectives

- To help participants understand various career paths and opportunities
- To guide on resume preparation, interview skills, and professional etiquette
- To build self-confidence and communication skills for career advancement
- To motivate participants to pursue continuous learning and skill development

Specific Objectives

- To enable participants to identify their strengths, skills, and areas of improvement for career development.
- To provide knowledge about effective resume writing and cover letter preparation.
- To develop participants' skills in facing job interviews confidently and professionally.
- To create awareness about current industry demands, trends, and job opportunities.
- To enhance participants' communication, presentation, and professional networking skills.

Expected Outcome of the Program

- Participants will be able to prepare a professional and effective resume and cover letter.
- Participants will demonstrate improved confidence in facing interviews.
- Participants will gain clarity about various career opportunities and industry expectations.
- Participants will be able to set personal career goals and create a basic action plan to achieve them.
- Participants will show improved communication skills for professional settings.

Target Audience: Final Year B.Sc. Nursing Students.
