TO LEARN

**ACHARYA INSTITUTE
OF TECHNOLOGY**

Acharya Legacy

11 Institutions

15 Research Centers

100+ Programmes

75+ Nationalities

12000+ Students

1000+ Eminent Faculties

120 Acre Campus

B.Premnath Reddy

Founder Chairman - Acharya

Acharya Institute of Technology

Established in 2000, AIT has evolved into a center of excellence in engineering education, upholding the utmost standards of educational quality and innovation. Our commitment to providing cutting-edge infrastructure, simulation centers, and advanced laboratories reflects our dedication to fostering an environment where students receive the best possible education.

Enrichment programs

Acharya is dedicated to ensuring the employability and industry relevance of our students through an extensive array of both long-term and short-term value-added programs. These programs are meticulously designed to align with current industrial standards, providing students with a competitive edge in the job market.

Acharya's collaboration with companies across IT, non-IT, manufacturing, and design sectors exemplifies the practical implementation of integrated education principles. Through partnerships with industry leaders, Acharya provides students with invaluable real-world exposure and hands-on training opportunities. From engaging in real-time projects to undertaking internships and participating in hackathons, students are immersed in experiential learning experiences that prepare them for the challenges of the workforce.

Comprehensive training on EV, Product Lifecycle Management, Cyber Security, Business Intelligence, and more are provided to students to significantly enhance their skill set.

Digital Hub

At Acharya, inclusive education is our top priority. We understand the importance of equipping students with essential tools for success in today's competitive job market, and laptops are integral to this mission. By seamlessly integrating laptops into daily life of students, we ensure that they are fully prepared for the challenges they'll face beyond the classroom.

We provide students with high-configured laptops suitable for their curriculum needs, thereby empowering them to access educational materials and resources seamlessly, whether they're on campus or studying remotely.

We pride ourselves on being a Wi-Fi-enabled campus, providing seamless internet connectivity to our students across our sprawling grounds. We ensure that our students have access to the necessary software tools for their educational requirements.

KNOW MORE

State-of-the-art laboratories

Acharya boasts state-of-the-art laboratories that provide students with opportunities to gain practical knowledge of theoretical aspects. Students benefit from cutting-edge facilities, including labs for fundamental sciences, computer labs for software development, and electronics and electrical labs for circuit experimentation.

Additionally, there are specialized labs for civil engineering, biotechnology, and mechanical to ensure hands-on learning across diverse disciplines.

The wind tunnel at our aeronautical laboratory is utilized to conduct research in aerodynamics, propulsion, and fundamental studies in fluid mechanics, and students gain hands-on experience in aircraft design and performance in our flight simulation lab.

Placement

Through strategic industry partnerships, we secure placements in leading institutions for our students. With an annual influx of over 550 companies, our students have achieved an impressive record package of 65 LPA.

The Training and Placement Cell at Acharya serves as a dynamic bridge connecting academic excellence with professional success. We are committed to preparing students for the competitive industry landscape, ensuring they emerge as leaders in their respective fields. Acharya also provides training to students to enhance their technical proficiency, soft skills, and industry-specific knowledge. Conducted by seasoned professionals and experts, these programs include workshops, seminars, internships, and hands-on experiences.

Top Recruiters

Campus of Excellence

International Collaborations

Acharya has consistently been a pioneering force in bringing together exceptional minds from around the

world, fostering collaborations with more than 80+ renowned international universities and 70+ top industries.

Scholarships

At Acharya, we are committed to fostering inclusivity and supporting students in their academic pursuits, regardless of their geographical origin. Therefore, we extend our scholarship opportunities to both domestic and international students.

These scholarships serve as a vital resource in alleviating financial

barriers that may hinder students' access to higher education. By offering financial assistance, we empower students to pursue their academic aspirations without the burden of excessive financial strain, enabling them to focus more on their studies and personal growth.

KNOW MORE

Center of Excellence

Acharya stands as a center of excellence, attracting numerous industries to collaborations provide students with unparalleled opportunities for hands-on learning, research, and real-world application of theoretical knowledge, fostering a dynamic environment of innovation and industry integration.

Students gain

- Enhanced Learning Opportunities
- Industry Integration
- Research and Innovation
- Career Opportunities
- Networking and Collaboration

Acharya Technology Business Incubator (TBI)

Acharya's Business Incubator is dedicated to nurturing students' entrepreneurial visions, offering crucial support to technology-based startups, and forming strategic alliances between the institution and the fledgling businesses. By guiding startups through early-stage challenges and providing essential aid, the incubator plays a vital role in fostering economic development, job creation, and the realisation of innovative ideas. We ensure that students' innovative ideas persist beyond graduation, offering them the platform they need to succeed.

Life @ Acharya

Library

At the heart of the campus is the Central Library or Learning Resource Centre(LRC) offering a dynamic environment for intellectual exploration. Spanning three floors with a generous 4,289 sqm area, it accommodates up to 500 users simultaneously, serving over 15,000 students, research scholars, and 1,000 faculty members. The LRC boasts multiple study spaces, research support, state-of-the-art ICT facilities, Wi-Fi, and a Virtual Learning Resource Lab.

Sports & Clubs

Acharya has outstanding sports facilities, promoting a dynamic sporting culture that nurtures teamwork, leadership, tolerance, and determination. Annual events like the Acharya Premier League, Football League, Pro Kabaddi League, and Volleyball Tournament highlight student passion and skills, fostering a lively atmosphere on campus in March for healthy competition. Our 10,000-seater stadium, enhanced with state-of-the-art floodlights for optimal illumination, adds a touch of grandeur to sporting events hosted within its premises.

Our students have the chance to participate in a wide range of sports and receive consistent training from seasoned coaches. Engaging in regular training sessions and actively participating in competitions have led to the college receiving numerous accolades through their achievements. Many of our champions at the university level are dedicated to continuously challenging and surpassing records.

Habba

Acharya Habba, our annual techno-cultural fest, is a three-day extravaganza drawing 25,000+ students from 300+ colleges in Karnataka. With 50+ events, it offers a vibrant platform for talent showcases, music, and cultural collaborations, enhancing students' college life. The festival, launched in 2005, has become one of Bangalore's biggest college events, hosting over 50,000 guests in 2023.

Renowned musicians like Gurukiran and Benny Dayal have previously graced the stage at the festival. Numerous talented artists have brought art and music to life at Acharya Habba, showcasing their creativity along with various cultural displays by students.

Hostels

We are committed to prioritizing resident satisfaction, aiming to create an environment where everyone feels at home. We provide a range of diverse facilities and affordable dining options to cater to the needs and preferences of our residents. With a total of 12 residences, 5 allocated for boys and 7 for girls, we can accommodate up to 1500 residents in single, double, or triple occupancy rooms, ensuring a comfortable living experience.

Common areas are thoughtfully equipped with amenities like TVs, newspapers, dining areas, kitchenettes, and laundry facilities, promoting a sense of community and convenience. Each residential building is overseen by dedicated warden members, managers, and

Programs Offered

Aeronautical Engineering

Specialization in Product Life Cycle Management (PLM) Powered by **SIEMENS**

Our comprehensive aeronautical engineering program is tailored to provide students with the expertise and skills needed to thrive in the challenging and fast-paced field of aviation and aerospace technology. The program covers a wide range of topics including aircraft design, propulsion systems, aerodynamics and avionics. Additionally, students stay updated on current industry trends through our collaboration with Siemens, ensuring they are informed about the latest advancements and practices in the field.

[KNOW MORE](#)

Artificial Intelligence & Machine Learning Engineering

Specialization in Cyber Security Powered by **EC-Council**

Our artificial engineering course taps into the transformative power of Artificial Intelligence to solve real-world challenges. It is an interdisciplinary field that intersects with computer science, data science, mathematics and human science. Students benefit from state-of-the-art labs and cutting-edge technology, ensuring hands-on experience and practical application of theoretical knowledge. Additionally, our partnership with the EC Council enriches their understanding of cybersecurity challenges, providing an opportunity for certification by the company.

[KNOW MORE](#)

Biotechnology Engineering

Specialization in (PLM) Powered by **SIEMENS**

Biotechnology engineering combines technology and biological sciences to create or alter products to benefit human health and society at large. In addition to healthcare, biotechnology is also employed in agriculture, food production, environmental management, and industrial processes.

[KNOW MORE](#)

Civil Engineering

Specialization in Advanced Practice in Construction Powered by

Civil engineering deals with the design and construction of massive infrastructure such as roads, bridges, canals, dams, airports, sewage systems, pipelines, structural components of buildings, and more. Students benefit from state-of-the-art labs and cutting-edge technology, ensuring hands-on experience and practical application of theoretical knowledge. Our strategic collaboration with L&T further enhances the learning journey by providing students with exposure to real-world industry insights and the latest developments, allowing them to stay abreast of relevant happenings in the dynamic field.

[KNOW MORE](#)

Computer Science & Engineering

Specialization in Cyber Security Powered by **EC-Council**

Computer Science Engineering involves the study of computer systems, algorithms, programming languages, software development, and the design and analysis of computer hardware. Our extensive course equips students with problem-solving skills, adaptability, and a mastery of coding, making them ready to play a crucial role in shaping today's technology-driven world. Additionally, our partnership with the EC Council enriches their understanding of cybersecurity challenges, providing an opportunity for certification by the company.

[KNOW MORE](#)

Computer Science (Data Science) Engineering

Specialization in Cyber Security Powered by **EC-Council**

Our intensive skill-oriented program provides students with practical training in constructing business models for analytics. The curriculum's interdisciplinary nature integrates elements from computer science, statistics, mathematics, and domain-specific areas where data science is applied. Moreover, our partnership with the EC Council enhances students' comprehension of cybersecurity challenges, presenting an opportunity for certification by the company.

[KNOW MORE](#)

Electrical & Electronics Engineering

Specialization in Electrical Vehicle Powered by 

The Electrical and Electronics Engineering program at Acharya encompasses the comprehensive study, design, and implementation of equipment, devices, systems, and technologies that harness electricity, electronics, and electromagnetism. What sets Acharya's program apart is its unique approach that combines theoretical knowledge with practical application. Through state-of-the-art laboratories, cutting-edge research initiatives, and hands-on projects, students delve into diverse areas such as power systems, control systems, telecommunications, embedded systems, and more

[KNOW MORE](#)

Electronics & Communication Engineering

Specialization in Electrical Vehicle Powered by 

Our electronics and communication program teaches students the intricacies of developing and testing electronic circuits and communication devices like transmitters, receivers and integrated circuits. Electronics and Communication Engineering is gaining importance day by day in almost all sectors, from defence to the entertainment industry. Students benefit from state-of-the-art labs and cutting-edge technology, ensuring hands-on experience and practical application of theoretical knowledge. Our strategic collaboration with L&T further enhances the learning journey by providing students with exposure to real-world industry insights and the latest developments, allowing them to stay abreast of relevant happenings in the dynamic field.

[KNOW MORE](#)

Information Science Engineering

Specialization in Cyber Security Powered by **EC-Council**

Information Science and Engineering deals with the generation, distribution, analysis, and use of information, data, and knowledge in systems. Our extensive course equips students with problem-solving skills and adaptability and makes them ready to play a crucial role in shaping today's technology-driven world. Additionally, our partnership with the EC Council enriches their understanding of cybersecurity challenges, providing an opportunity for certification by the company.

[KNOW MORE](#)

Mechanical Engineering

Specialization in Product Life Cycle Management (PLM) Powered by **SIEMENS**

Our Mechanical Engineering program integrates engineering physics, mathematics principles, and materials science to manufacture, maintain, and design mechanical systems, making it one of the oldest and broadest engineering branches. Students stay updated on current industry trends through our collaboration with Siemens, ensuring they are informed about the latest advancements and practices in the field.

[KNOW MORE](#)

Mechatronics Engineering

Specialization in Product Life Cycle Management (PLM) Powered by **SIEMENS**

Mechatronics engineering combines elements of mechanical engineering, electronics, computer science, and control engineering. The program prepares students for careers in designing and implementing intelligent systems and products. Our collaboration with Siemens helps students stay updated on current industry trends and are informed about the latest advancements and practices in the field.

[KNOW MORE](#)

Robotics & Artificial Intelligence Engineering

Engineering and robotics, along with artificial intelligence, is a rapidly growing field that prepares students to meet the demands of research, development, and industrial manufacturing. The need for skilled graduates is at an all-time high, given the increasing implementation of robotics and AI to perform data-intensive and repetitive tasks. Our program is designed in collaboration with industry experts to ensure it is aligned with the latest industry trends and technologies.

PROGRAMS OFFERED

ACHARYA INSTITUTE OF TECHNOLOGY

Bachelor of Engineering Programmes (B.E.)

- Aeronautical Engineering
- Artificial Intelligence & Machine Learning Engineering
- Artificial Intelligence & Robotics
- Biotechnology Engineering
- Civil Engineering
- Computer Science & Engineering (AI / Cloud & Full Stack / Cyber Security)
- Computer Science Engineering (Data Science)
- Electric Vehicle Technology
- Electrical & Electronics Engineering
- Electronics & Communication Engineering
- Information Science & Engineering (AI / Cloud & Full Stack / Cyber Security)
- Mechanical Engineering
- Mechatronics Engineering
- Robotics and Artificial Intelligence Engineering

Masters Program

- Master of Business Administration - VTU
- MBA - Fin. Tech. (VTU)
- Global MBA (Five International Universities)
- Master of Computer Application - VTU

ACHARYA POLYTECHNIC

Diploma Programmes in Engineering

- Aeronautical Engineering
- Apparel Designing and Fabrication Technology
- Architecture Engineering
- Civil Engineering
- Computer Science & Engineering
- Electronics & Communication Engineering
- Electrical Engineering & Electrical Vehicle Technology
- Mechanical Engineering

ACHARYA SCHOOL OF DESIGN

Bachelor of Visual Arts (B.V.A.)

- Animation & Game Art
- Graphic & Communication Design
- Interior and Spatial Design
- Product Design
- B.Sc - Fashion & Apparel Design

ACHARYA INSTITUTE OF GRADUATE STUDIES

Bachelor Programmes

- B.B.A - Bachelor of Business Administration
- B.B.A - Aviation
- B.B.A - Business Analytics
- B.B.A - Digital Marketing
- B.C.A - Bachelor of Computer Application
- B.C.A - Cloud Computing
- B.C.A - Data Science
- B.Com - Bachelor of Commerce
- B.Com - Bachelor of Commerce (CMA)
- B.S.W - Bachelor of Social Work
- B.A - Criminology | Psychology | English | Journalism
- B.Sc - Computer Science - Data Science
- B.Sc - Physics | Mathematics | Computer Sci.

Post Graduate Programmes

- Master of Business Administration - BCU
- Master of Computer Application - BCU
- Master of Commerce (M.Com)
- Master of Social Work (M.S.W)
- M.A - Journalism & Mass Communication
- M.A - English
- M.Sc - Computer Science
- M.Sc - Psychology
- M.Sc - Physics | Chemistry

ACHARYA'S NR INSTITUTE OF PHYSIOTHERAPY

- Bachelor of Physiotherapy (B.P.T)

Post Graduate Programmes

- M.P.T - Cardio-vascular & Pulmonary Sciences
- M.P.T - Community Health
- M.P.T - Neurological Sciences
- M.P.T - Pediatrics
- M.P.T - Sports Sciences
- M.P.T - Musculo-Skeletal Sciences

ACHARYA & B.M. REDDY COLLEGE OF PHARMACY

- Diploma in Pharmacy (D.Pharm)
- Bachelor of Pharmacy (B.Pharm)
- Doctor of Pharmacy (Pharm D)
- Post Baccalaureate (Pharm D)
- M.Pharm:
 - Drug Regulatory Affairs
 - Pharmaceutics
 - Pharmacology
 - Pharmaceutical Analysis
 - Pharmaceutical Chemistry
 - Quality Assurance

ACHARYA INSTITUTE OF ALLIED HEALTH SCIENCES

Bachelor of Science Programmes

- Anesthesia & Operation Theater Technology
- Imaging Technology
- Medical Lab Technology
- Optometry
- Renal Dialysis Technology
- Respiratory Care Technology

Bachelor Degree Programmes

- Bachelor of Hospital Administration
- Bachelor in Occupational Therapy
- Master of Hospital Administration

ACHARYA'S NRV SCHOOL OF ARCHITECTURE

- Bachelor of Architecture (B.Arch)

SMT. NAGARATHNAMMA SCHOOL OF NURSING

- G.N.M. Dip. in General Nursing & Midwifery

SMT. NAGARATHNAMMA COLLEGE OF NURSING

- Basic B.Sc Nursing
- Post Basic B.Sc Nursing

Acharya Dr. S. Radhakrishnan Road Acharya P.O
Soladevanahalli Bangalore-560107
Karnataka, India
